CERRITOS P. T. A.

The Cerritos P. T. A. held a very enjoyable session, Thursday afternoon. The program consisted of a piano solo by Evelyn Hoising; song, Janice Tuttle, and an address by Lillian D. Porter on "Juveniles and Probation."

In the membership drive in which a prize was offered to the grade securing over 25 members, reports showed that rooms 1, 2, 3 and 7 went "over the top," with the result that four cakes must be furnished as prizes. The membership was increased from 32 to 163.

C. J. KELLENBURGER BADLY HURT

Wednesday evening while the Brunton Studios were staging a moving picture on the lumberyard tracks in Tropico, C. J. Kellenberger, of Howard, was struck on the head by one of the big planes or fans used to make the wind in rain storm scenes and badly injured. He was taken to the Thornycroft Hospital and from there, Thursday, to the California Hospital for an operation, which his many friends trust will be successful.

As the Herald goes to press we learn that Mr. Kellenberger has improved, and was able to undergo the operation Friday morning.

Practically all of Tropico witnessed the "picture making" and our own Doug. Fairbanks played a leading part in the big storm and incidents connected with it.

SELLS BUT BUYS AGAIN

John F. Peters sold his cozy bungalow home on South Columbus Ave., recently to Mrs. A. J. Harrison of Acacia Ave. Mr. Peters looked in vain for rental property but finally bought again at 1422 Gardena and took possession of the same on Wednesday. The Peter's home consisted of some six or seven lots on which was many kinds of bearing fruit trees. The new owners are to be congratulated on their "buy," which Mr. Peters only relinquished as its care was more of a burden than he desired to continue.

BUILDING ACTIVITY

The City Building Inspector reports there were twenty-four permits issued in October with a total estimated

value of \$72,400.00, and indications for November are still better.

C. W. Kent and Son have taken the contract and will erect a building at the cost of \$4,000.00, of brick and tile on Harvard Street adjoining the Dodge Agency. The building will be occupied by the Exide Battery Agency and is owned by Los Angeles people.

SMART SHOP SALE

The Glendale Smart Shop is holding a special sale in their millinery department which closes tonight, Saturday.

Glendale's "Smart Shop" is all its name implies, being equal in point of environment and quality and style of the goods handled to any Los Angeles house.

The Shop will be open this evening for the convenience of those unable to attend during the day.

TRUCKS HELD UP

Trucks, traveling on the San Fernando Road, have been "help up" this week by the Glendale traffic cops; but are "let off" on their answering a set of questions propounded by our city dads, the main one being "how often do they go over that boulevard?"

The trustees desire to ascertain the certain facts that they may estimate the wear and tear on the paving, and also the amount of through travel.

PRUNING DEMONSTRATION

How to prune trees will be shown by Dr. Whitten of the Los Angeles county farm bureau and the local Glendale-Burbank farm bureau center, at 10 o'clock Sunday morning at 1305 North Central avenue. All interested are invited.

CITY WELFARE BUREAU

Glendale now has a City Welfare Bureau with Mrs. Robert Blackburn at its head. Her duties will be to look after the unfortunate and needy and direct the distribution of the supplies of the different charitable organizations and the appropriation made by the city trustees for that purpose. She is required to spend three hours a day, three days in the week, in an office at the City Hall and will receive a salary of \$25.00 per month for six months, that being the period in which the new department is to have a "try-out."

The main object being the investigation and systematic provision for, without duplication of every deserving but needy and unfortunate person or persons.

TRUSTEES PROCEEDINGS

The Board of Trustees held their regular meeting on Thursday night, all members being present. The minutes of the last regular meeting were read and approved.

Mr. J. F. Jones appeared before the Board complaining as to the manner in which bond business is handled by the Treasurer's office. The Chairman of the Board stated that the Board has no jurisdiction.

A representative of the State Compensation Insurance Fund addressed the Board presenting the claims of that body and expressing his opinion in regard to the desirability of all municipalities in the state taking advantage of the provisions of that Fund for the insurance against damages incurred by injuries to employees.

A letter was read from Earl Shook asking for information in regard to the matter of telephone rates. Referred to the City Attorney for reply.

The City Treasurer presented a communication reporting the receipt of \$2,391.47 from the Southern California Gas Company, being 2 per cent of their

gross earnings for the year, as required to be paid under the terms of their franchise.

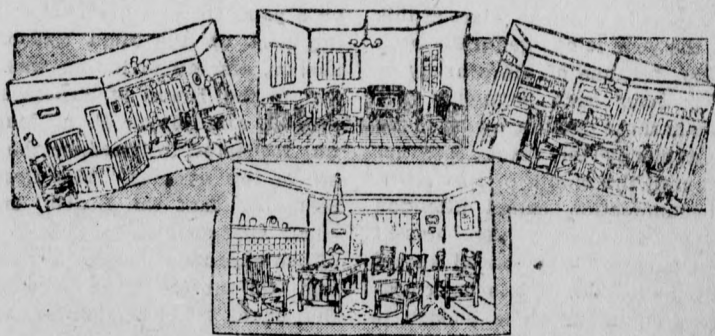

An application for permit to sell milk was presented from J. H. Crane, which, being approved by the Milk Inspector, was on motion granted.

A communication addressed to the Mayor of the City was read from the office of the Zone General Supply Depot of the War Department, San Francisco, giving a list of packing house products and conditions of sale to municipalities of the government prop-

erty under control of that department. Referred to the City Manager.

and general scheme for New Year's Day. Owing to the fact that the Chairman of the Board has another engagement for that evening, the motion was adopted that the City Manager attend in his stead.

Reports were filed from the City Treasurer, Health Officer, City Recorder, and Building Inspector.

Trustee Shaw presented a resolution which was adopted on roll call, "That the sum of \$1075.00 be transferred from the Insurance Reserve Fund to the General Budget Fund as a Loan to be Repaid as Soon as Possible."

The City Manager presented a report as to the cost of street lighting. The report stated that the city maintains 1,255 street lights. These lights cost, for the month of October, 1919, \$810.80. The average cost per kilowatt hour was a little over 2.7 cents, as compared with the cost of Pasadena of 4 1-2 cents per kilowatt hour. The amount appropriated for street lighting for the present fiscal year is \$11,000.00.

The City Manager presented a written communication in regard to the condition of the cities funds, calling attention to the fact that all salaries have been paid promptly for the months of July, August, September, and October for the current fiscal year, whereas in previous years at this time in the year it has generally been customary, because of the scarcity of funds, to defer such payments for from one to three months, owing to the fact that money for taxes does not come in until the month of November. The communication called attention to the fact that under the present policy of a carefully prepared budget for each fiscal year, it has been possible to accumulate funds enough to

carry the city over this period, and with the pursual of the same policy for a few years more the City will be on a strictly cash basis for the entire year, as to expenditures on account of General Budget. The communication concluded with the statement of funds on hand at the beginning of the present fiscal year, July 1, 1919, as follows:

General Budget Fund, \$5,370.16.

General Service Fund, \$2,923.28.

General Reserve Fund, \$7,199.91.

Compensation Insurance Fund, \$6,685.44, making a total of \$22,178.79 accumulated during the past three years.

In regard to the General Welfare Department, the City Manager submitted a report stating that he had appointed, subject to the approval of the Board, Mrs. R. A. Blackburn, Assistant Director of the Welfare Bureau, at a compensation of \$25.00 per month. On motion it was ordered that the appointment of Mrs. Blackburn be and is hereby confirmed.

City Manager made a report on the observance of Armistice Day, Tuesday, November 11, stating that he had met with the Chairman of the Patriotic Committees of the Parent-Teacher Associations for the purpose of making plans for said entertainment. This meeting had decided that there should be a patriotic meeting Tuesday evening next at the High School Gymnasium, and an invitation was extended to the Board of Trustees to be present, and Mayor F. L. Muhleman was requested to introduce the speakers of the evening. The Committee requested that the Board make a small appropriation to cover a part of the expenses incident to the meeting. On motion it was ordered that the sum of \$25.00 be appropriated from

the Advertising and Promotion Account for the purposes indicated in the communication.

The City Manager presented copies of three ordinances designed to provide a complete procedure for issuing permits and providing for inspection by the City in connection with street work performed by private contract. On motion the ordinances were referred to the Committee of the Whole.

The City Manager made a statement to the Board in regard to a deed to the Pacific Electric Ry. Co. by the City of Glendale, transferring to that company portions of Lots 8 and 1 of Block 15 Glendale Boulevard Tract in connection with the work of the Flood Control in Verdugo Wash, and presented a deed which had been prepared by the City Engineer. On motion the President and Clerk were instructed to sign said deed, the same to be delivered when the railroad company presented for delivery a deed for channel purposes to the Flood Control Authorities.

The City Manager stated that Mr. Belcher of 605 W. Colorado Street, desires permission to remove two eucalyptus trees and two pepper trees from the parkway in front of his property and recommended that the same be granted. On motion of Trustee Shaw, the application was laid on the table.

The City Manager presented the names of Mrs. R. L. Blackburn, as Assistant in the Welfare Bureau Department, and Miss Amelia Weisling as Assessment and Record Clerk, requesting that the same be approved by the Board as employees of the City. On motion the appointments were confirmed.

The City Manager presented a list of supplies for Municipal District No.

Periwinkles Cultivated.

Along the coast of Brittany periwinkles are grown for market in shallow water, in beds floored with boards and fenced with wire net. The beds are filled and emptied by the tides, which bring abundant food. When 18 months old the mollusks are big enough to be harvested, a fair yield being ten tons to the acre.

Jottings By The Way

By The Rambler

Well, folks, the Ramble has been rambling some since we last went to press. Spent two days in Frisco. Came back to sunny Southland in our special car and woke up early this A. M. to find that they had filled it with hogs somewhere along the line. By the way, I asked in Frisco for a package I had left at various places and received several nice ones. If you have been there lately you will understand.

Since I have returned, I am here.

And I notice that you are having quite a lot of weather lately.

Honestly there's not much news, nohow, except that Heinie Wieger has bought a new home in Casa Verdugo, to which domicile he will shortly promulgate with his family.

A sign in Glendale reads "Bargains Galore in This Store." A doctor's sign reads, "The Doctor is out at present. If you will leave the small amount of your indebtedness, he will be more or less in."

Even the much advertised busy bee seems to be off the job.

With Tropico's leading hotels and apartment houses filling up and vacant stores at a premium, things do be lookin' up.

Speaking of weather, well, if you don't like the kind we have here you can go to—Frisco. They hand it to you in chunks up there.

How a little smile can make you feel big—and any old kind of a frown makes you feel, well, you know—mighty small.

Don't worry if you can't see the "nub" to some of the Rambler's stuff. Sometimes he can't see it himself—after its in print.

There is a crying need today for men and women who can do things. Are U 1?

We learn that the A. B. C. man "folded his tents like the Arab and as silently stole away" from our immediate vicinity.

Mrs. Susie Peck will leave Saturday for El Centro for a month's stay.

The Pythian Sisters held their regular meeting Friday night at Castle Hall.

Mr. and Mrs. Butts, of Long Beach, spent the week end visiting friends in Glendale.

The Kensington Club met with Mrs. Ripley Thursday afternoon. The afternoon was passed in games and delicious refreshments were served. The hostess was assisted by Mesdames Hibbard, Burns and Milligan.

The Knights of Pythias had a very interesting meeting Tuesday evening when they entertained the D. O. K. K.'s of Los Angeles. After the meeting a supper was served. Next Tuesday the Knights will entertain their wives and Pythian Sisters.

A MASK PARTY

Among the many Hallowe'en festivities in this section, that at the Ryan home on West Acacia, last Saturday night was among the most enjoyable. Miss Ruth Ryan, assisted by her mother, entertained at a mask party where Hallowe'en pranks, followed by games and dancing with the usual appropriate refreshments were enjoyed to the utmost by the merry crowd in attendance.

THE BOND QUESTION

Next Wednesday, the voters are called upon to decide whether or not we shall incur a bonded indebtedness of \$260,000.00 for the purpose of making improvements and extensions in the water and electricity Public Service Department.

The Herald has not taken an active part either for or against the bonds. Personally we are opposed to these constantly increasing bond issues. Instead of figuring, like our present trustees are doing, on how much we can bond, we think it would be better to try to see how little we can.

In this connection a Tropico voter rises to inquire, "why the Griswold well and its machinery which the city acquired through its purchase of the Tropico water system, is allowed to remain idle, if more water is so badly needed?"

W. C. T. U. NOTES

By Miss Burch

CHAMBER OF COMMERCE

The Chamber of Commerce held its regular meeting in the Council Chamber at the City Hall Tuesday evening. A large number was present. Forty-five new members were admitted.

An invitation was accepted for a banquet to be held at Hotel Maryland, Pasadena, at which arrangements for the Tournament of Roses will be discussed.

A revision of the by-laws was read by the chairman of the committee, Victor W. Daniels, and was unanimously adopted.

A committee was appointed to hasten the opening of the road by Silver Lake as was also a committee appointed to look into a cannery project which had come before the Chamber. J. W. Usilton presided.
